Jessamine Journal: Clyde Taylor sold this week a car load of wheat to C. L. Ryley for a Harrodsburg mill at \$1.60 a bushel.

In Fayette, B. V. White, a dairyman residing on the Richmond pike, had two fine Jersey cows, valued at \$75 each, killed by lightning, Tuesday.

Although the general outlook for wheat has improved, Patten is credited as saying that the yield will be below that of last year and prices will be higher. July delivery touched \$1.30 3-8 at Chicago last week.

Harrodsburg Herald: Last Saturday a grower who was putting in five acres of tobacco refused to pledge his crop at eight cents at delivery time but offered to do so for ten cents.

The Versailles Sun says: "At the sale of Jersey cows, held by Messrs. Charles Alexander and Ollie McMillen last Saturday, twelve head sold at from \$20 to \$92, the last named figure being paid by Mr. Robert McCannell for an extra good cow. The average of sale was \$44.55."

Stanford Court: There were about 100 cattle at I. M. Bruce's pens yesterday and all of them changed hands. Prices ranged from 3c. to 5c. There was an active demand for this stuff. A lot of sheep sold at 3c to 5c. A small crowd was in town and business generally was quiet. Journal.

It is estimated that the people of New York City consume an average of three million dozen eggs every week. Conservatively placing the average price of eggs in that city at 25 cents per dozen, we find that the people of

New York City contribute to chicken raisers every week the enormous sum of \$75,000.

The imports of potatoes into the United States this spring have been enormous. The receipts for the first three months of 1909 were 3,629,158 bushels, against 128,676 bushels in the same period last year. Heavy cargoes have come from Europe, and shipments have been made from Mexico.

Before daylight Tuesday morning vicious dogs broke into the dock of sheep belonging to C. J. Graves, living seven miles from Lexington on the Richmond pike and killed and injured about fifty sheep, seventeen ewes and thirty-three lambs. The lambs killed weighed about 100 pounds and had already been sold at 6c a pound. Mr. Graves estimates his loss at between \$300 and \$400.

The report has been published in some of the daily papers to the effect that Mr. Clarence Lebus has resigned as President of the Burley Tobacco Society. This report is denied, however, by members of the District Board. It is stated as the probable

foundation of the report, that Mr. Lebus did offer his resignation, but the Board declined to accept it, and upon the request of the Board the resignation was withdrawn.

Louisville is rapidly growing in magnitude and importance as a sheep and lamb market. One day recently, the total receipts of sheep and lambs at the Bourbon Stock Yards were 14,837 head. This breaks all records for single day receipts of sheep in this market. It is nearly 5,000 more than were received at the Chicago market on same day. There were few sales made. Buyers sought to take advantage of the heavy receipts to bear the market, but shippers generally held firm and consequently few sales were made. The sales that were made ranged about 25 cents below last week's prices.

Men Past Fifty in Danger.

Men past middle life have found comfort and relief in Foley's Kidney Remedy, especially for enlarged prostate gland, which is very common among elderly men. L. E. Morris, Dexter, Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble and several physicians pronounced it enlargement of the prostate gland and advised an operation. On account of his age we were afraid he could not stand it and I recommend Foley's Kidney Remedy, and the first bottle relieved him and after taking the second bottle he was no longer troubled with this complaint." Sold by Stockton & Hagan.

Will Vote In November.

The Kentucky Good Roads Convention has issued a circular letter calling attention to the fact that the Rosworth-Wyatt good roads amendment to the Constitution of Kentucky will be submitted to a vote of the people at the next November election. This amendment, if adopted, will give the county the power to issue bonds and levy taxes for the building of county roads. It would prepare the way for a general improvement of the roads in all the counties of Kentucky. The mere adoption of this amendment would not, of course, of itself insure the immediate inauguration of the building of good roads. It will put it within the power of the counties to raise the necessary funds. It will be for the people themselves to say whether they will tax themselves for the building of the roads.
